

*Uncle Freddy*

Hey Uncle Freddy  
When you gonna die?  
I've been waiting for thirty two years  
Just to see you die.

You didn't know that  
No one cares for you  
All that we want is your money  
And your property too

Hey Uncle Freddy  
When you gonna die  
No one's understanding  
Why you're still alive.
